Charles B. Manning
Xavier University
War Production Training Unit
Washington and Pine Streets
New Orleans, Louisiana

Dear Mr. Manning:

In reply to your letter of September 27 inclosing list of colored trainees who have completed their sheet metal course and machine shop course at Xavier University, please be advised that up to this time we have not been able to place these people locally, though we have been making an effort to do so.

It is altogether possible that a little later we will be able to use some of these trainees on various West Coast projects, namely Mare Island and Hunters Point which are located in California. In the event that these people are willing to accept employment outside of New Orleans and we are able to arrange this employment, we will advise you at a later date.

Very truly yours,

JULES R. GUEYMARD
Manager
